Core Competencies

JavaScript

ReactJS

Tailwind CSS

Redux

MySQL

Efficient

Problem Solver

Collaborator

Communicator

Multi Tasker

Technical Skills

Java Script

ReactJS

Redux

Tailwind CSS

HTML5

MongoDB

RESTful API

NodeJS

VISHESH RAJPUT

A versatile, high-energy professional **offering 3+ years** of experience in gathering and understanding requirements of clients & other multiple stakeholders, targeting assignments in **Frontend Development** with an organization of high repute preferably in IT industry

Knowledge Purview

- In-depth understanding in **HTML5, Tailwind CSS, JavaScript, ReactJS, Redux, Restful API** with good hands-on projects**.**
- Knowledge of using hooks like **useState**, **useEffect**, and **useContext** to manage state and side effects in functional components.
- Have a good understanding of Class Based Component and how life cycle works.
- Understanding advanced component patterns like HOCs and Render Props for sharing behavior between components.
- Adhering to Redux best practices, such as avoiding unnecessary nesting of state, using normalized data, and keeping actions and reducers simple.
- Using the **connect** function or **useSelector** to connect components to the Redux store and extract data from the store.
- Implementing code splitting and lazy loading to improve application performance.
- Integrating with RESTful APIs and managing data fetching and state updates in your application.
- Writing **unit tests** and **end-to-end tests** for React components and Redux stores using tools like Jest and React Testing Library.

Professional Experience

Associate (Frontend Developer)
Cognizant, Pune, Maharashtra
March'2021 – July'2023

Key Result Areas:
- Working as a **Frontend End Developer** and demonstrated proficiency in JavaScript, ReactJS, Redux contributing to the development and maintainance of Web Application for the client PG&E.
- Have problem-solving abilities,and proactive attitude significantly contributed to the completionof projects within the allocated timelines and budgets.
- Ability to collaborate with cross-functional teams and stakeholders further enhanced the efficiency and effectiveness of the development processes.
- Utilizing Technologies such as Tailwind CSS, Redux, Routing, SoapUI, Restful API, SQL to enhance working capacity & solving multiple complexities.

Internship

- **Bristlecone**, Noida from May'18 – July'18
Role: worked on **C.L.I. Protector for Encryption and Decryption of codes** with the help of JAVA

- **B.S.N.L**, Ghaziabad from June'19 – Jul'19
Role: worked on **Connection of Modulator for connection**

Academic Details

- **Bachelor of Technology** from J.S.S. Academy of Technical Education affiliated to Dr. A.P.J. Abdul Kalam Technical University, Noida with 72.52%
- 2015- **12th** from Florets International School, P.C.M, with 83.2%, Kanpur
- 2013- **10th** from Florets International School with 9.6 C.G.P.A, Kanpur

Independent Projects for Skill Growth

Title: Food Panda
(Clone of Swiggy with live API a food ordering platform)
Github Link: https://github.com/visheshr47/FoodPanda.git
Role: In this project I have tried to build a food ordering platform using JavaScript, React, Tailwind, Redux which contains all the feature of routing, filtering, cart update and toggle etc.

Title: Weather API
Github Link: https://github.com/visheshr47/WeatherUpdate.git
Role: In this project I have tried to build a weather providing platform using JavaScript, React, Bootstrap which contains all the feature of API Handling, Props Drilling.

Academic Projects

Title: Real time Vehicle Solution Monitoring System
Domain: Automobile
Duration: Nov'19 – Jan'20
Role: Engaged in developing a Real Time Pollution detection system and a device which detect the emissions from the vehicles and share its data to the concerned authorities

Title: Banking System
Domain: Finance
Duration: Jan'19 – April'19
Role: Effectively developed a zany website which works like that of general banking system. It takes data from the user then register, debit, credit things on the database with the help of JAVA, Oracle 10G & SQL

Certifications

- The Complete 2023 Web Development Bootcamp
- Namaste React and Namaste Javascript By Akshay Saini.
- **Artificial Intelligence and Machine Learning from I.I.M., Kozhikode, Kerala** from Mar'21 to Feb'23
- SQL Bootcamp 2020 (May'20 to Sep'20)
- JAVA Programming Master Class (Jan'19 – Mar'19)
- The Data Scientist's Toolbox from Johns Hopkins University

Personal Details

Date of Birth: 16th Nov'98
Address: 325/12 Shastri Nagar, Kanpur – 208005, Uttar Pradesh
